

# VICTORY CHRISTIAN ACADEMY

## COVID WAIVER

As we reopen our school facilities it is important that we all play a role in the health and safety of others as well as ourselves. Therefore, we are asking all VCA families and staff to adhere to the following precautions.

VCA families and staff will need to sign a waiver adhering to the following expectations. This waiver clarifies the risks but supports the efforts to mitigate the spread of infectious disease by following the recommendations below.

### Following CDC guidelines, we encourage everyone to adhere to the following:

#### VCA Staff

- Wear a mask covering your mouth and nose while in our facilities around children.
- Wash hands and/or use hand sanitizing stations as needed.
- Maintain appropriate social distancing of 6 ft or more between you and others as much as possible.
- Staff and the facilities department will clean all equipment before and after use.
- **Notify the school immediately if you have been exposed or tested positive for Covid. Contact tracing is important to reduce the spread.**

#### VCA Families and Students

- Participate in a required health screening (temperature check & health questionnaire)
- Wash hands and/or use hand sanitizing stations as needed.
- Maintain appropriate social distancing of 6 ft or more between you and others as much as possible.
- Bring a refillable water bottle from home rather than use water fountains. Two water bottle filling stations are available for staff and students.
- Bring lunch and snacks from home
- **Notify the school immediately if you have been exposed or tested positive for Covid. Contact tracing is important to reduce the spread.**

**Most importantly** if you are not feeling well, have a fever, cough, shortness of breath, head or muscle aches, new loss of smell or have been in contact with anyone diagnosed with COVID-19 that you not come to VCA until you are fever free or have been cleared of any infectious disease.

#### Communicable Disease / COVID-19 Warning & Disclaimer

Coronavirus, COVID-19 is an extremely contagious virus that spreads easily through person-to-person contact. Federal and state authorities recommend social distancing to prevent the spread of the virus. COVID-19 can lead to severe illness, personal injury, permanent disability, and death. **Participating in programs or accessing facilities could increase the risk of contracting COVID-19. Victory Christian Academy in no way warrants that COVID-19 infection will not occur through participation in programs or use of VCA facilities.**
